

SYNOPSIS

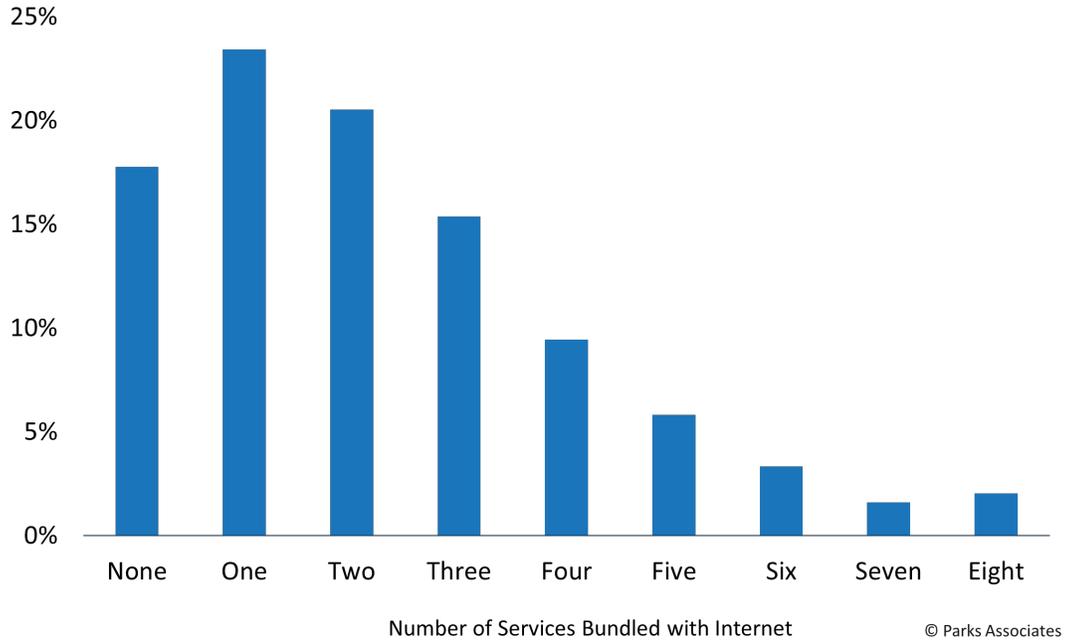

The **Home Services Dashboard** visualizes the most important metrics informing the strategic decision making of companies providing communications services to the home.

Consumer Insights Dashboards present survey-based consumer research that tracks the movement of foundational market metrics, such as product or service adoption, household spending intentions, churn, and key tracking metrics on leading industry players.

Number of Slides: 45

AUTHORS

Bundling with Home Internet Service

“A threatened end to software and firmware updates for existing router deployments puts US cyber infrastructure at risk and threatens the data privacy and security of an estimated 109 million US home internet households.”
